1963 Aston Martin Db4 Acceleration

The last two qualities improve with each step up the DB4 ladder; top speeds and acceleration increase in proportion to the number of letters and suffixes one adds to the name. The DB4 marked Aston Martin's transition from its Feltham home to a new facility at Newport Pagnell, where the marque would remain for the rest of the century.

1958-1963 Aston Martin DB4 | Hagerty Media

The DB4 Convertible is the rarest production Aston Martin road car of the David Brown era, with only 70 examples ever produced. Aston Martin had moved from strength to strength throughout the 1950s and 1960s, and the DB4 played a crucial role in this success.

1963 Aston Martin DB4 - Series V Convertible | Classic ...

The DB4 is a grand tourer that was produced by Aston Martin from 1958 until 1963.. Technically the DB4 was not a development of the DB Mark III it replaced. It had a platform rather than a tubular chassis with a new engine by Tadek Marek.The DB4's design formed the basis for later Aston Martin models, such as the DB4 GT Zagato, the Lagonda Rapide 4-door saloon.
