Here is a unique book. It describes the theories and processes of repairing and adjusting the modern watch in precise and meticulous detail: a thing which has never been done so completely before in the many books on the same subject. As a text book it is a revelation. Taking nothing for granted, except the ability to read and comprehend a simple description of mechanical processes, de Carle takes his reader through every stage and every operation of watch repairing ...and to deal with them thoroughly is quite a programme - it takes 300 pages containing 24 chapters, two appendices and 553 illustrations. The fine draughtsmanship and accurate technical detail of the illustrations set a new standard. Practical Watch Repairing can justifiably claim to be the best illustrated book on practical horology yet issued, and one of the best of its kind on any subject. The publication of the book marks the beginning of a new epoch in the study of the mechanics of horology.

****THE TRUE STORY BEHIND THE CRITICALLY ACCLAIMED BBC DRAMA 'THREE GIRLS' **** What do they find attractive about me? An underage girl who just lies there, sobbing, looking up at them...as they come to me one by one. This is the shocking true story of how a young girl from Rochdale came to be Girl A - the key witness in the trial of Britain's most notorious child sex ring. Girl A was just 14 when she was groomed by a group of nine Asian men. After being lured into their circle with free gifts, she was plied with alcohol and systematically abused. She was just one of up to fifty girls to be 'passed around' by the gang. The girls were all under-16 and forced to have sex with as many as twenty men in one night. When details emerged a nation was outraged and asked how these sickening events came to pass. And now, the girl at the very centre of the storm reveals the heartbreaking truth.
