The series also conforms to the guidelines of National Curriculum Framework 2005. The books have been written by experienced and renowned authors.

Learning Mathematics - Class 8 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus of the NCERT and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation (CCE). The subject matter has been explained in a simple language and includes many examples from real life situations. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results.

The presented book has been prepared on the basis of the latest syllabus of Uttar Pradesh Teacher Eligibility Test (UPTET) Mathematics & Science, for class 6 to 8. Presented book highly relevant to exam based paper. All questions are set by studying syllabus deeply and inspecting them in the context of UPTET questions, make important facts in question format. Attempts have been made to incorporate to present questions from all the chapters. An attempt has been made to explain the important facts in simple words, so that the candidate can easily understand the subject matter and answer the questions in examination.
