But remember—an investment calculator is not meant to replace the advice of a professional. If you need help with your investments, we recommend using an investment professional, someone who will help you understand what you're investing in. If that's your next step, we can help you connect with a pro near you.

- The Dave Ramsey Show

Dave Ramsey's advice on mutual funds is fundamentally correct and even wise, but some of his key points, especially on asset allocation and diversification, he gets terribly wrong. If you've been saving money, trying to get out of debt, or investing in mutual funds, or you just like listening to talk radio, Dave Ramsey needs no introduction.

For many in Ramsey ' s audience, being able to invest is the brass ring. Where you actually stash your extra money after you ' ve slain the debt and built up your bank account is a luxurious detail. But it ' s worth saying this forthrightly: Ramsey ' s investing advice is weak and could get you into trouble if you follow it too closely.
