McConnell/Brue/Flynn has long set the standard for providing high-quality content to instructors and students all over the world. It has remained the most widely used principles of economics product as a result of persistent innovation. The 19th edition brought adaptive technology to the market for the first time with LearnSmart, a resource that ensures that every minute a student spends studying is the most efficient and productive time possible. Feedback from users in combination with the analysis of student performance data from the 19th edition's digital products significantly informed the revision of the 20th edition, resulting in a product expertly tailored to the needs of today's students. With the 20th edition, students and instructors will benefit from a new offering that expands upon the dynamic and superadaptive capabilities of LearnSmart: SmartBook, the first and only adaptive eBook. McConnell/Brue/Flynn's tradition of innovation continues with the 20th edition, providing market-leading content and digital mastery to benefit today's learners. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

McConnell, Brue, and Flynn's Economics: Principles, Problems, and Policies is the #1 Principles of Economics textbook in the world. It continues to be innovative while teaching students in a clear, unbiased way. The 19th Edition builds upon the tradition of leadership by sticking to 3 main goals: Help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

McConnell/Brue/Flynn has long set the standard for providing high-quality content to instructors and students alike. Known for versatility, comprehensiveness, and persistent innovation, it has remained one of the most trusted and reliable choices for principles of economics courses. The 21st edition continues to benefit from author Sean Flynn's influence with new discussions on strategic behavior, game theory, unconventional monetary policy and interest rate normalization. A robust set of content designed to facilitate classroom engagement through peer instruction has been developed to align with the learning objectives in the text. New innovations like interactive graphs and videos combine with SmartBook's adaptive reading experience and even more algorithmic and graphing assessment content in Connect to help students succeed in the course. McConnell/Brue/Flynn is expertly tailored to support a variety of course formats, institutions, and students. Its depth of content and breadth of resources continue to be unparalleled in the introductory market.

McConnell/Brue/Flynn has long set the standard for providing high-quality content to instructors and students alike. With the 21st edition, we've pushed the envelope by providing dynamic and adaptive learning tools through Connect® and SmartBook®. We also understand that instructors teach macro in different ways and to meet that need we've provided a two-path macro approach to give faculty flexibility to cover the AD/AS or the Keynesian model. Our comprehensive step-by-step approach provides students with a building block method to learning economics where the authors are patient in explaining the theory and models thoroughly before jumping ahead. The new 21st edition is comprehensive, analytical, and challenging yet fully accessible to a wide range of students. We now have an expanded and enhanced Connect Economics platform that provides a host of tutorial Videos and engaging Interactive Graphing questions featuring real data.
