Freakonomics: A Rogue Economist

Explores the Hidden Side ...

Freakonomics explores the hidden side of everything. If morality describes the ideal world, then economics describes the actual world. Further, Freakonomics studies incentives and how different people in different professions respond.

Freakonomics Economist

Yes, he brings interesting statistical tools to “freaky” questions, but he’s not a “rogue economist exploring the hidden side of everything.” He’s just a guy with a dataset and empirical theory who finds some strong correlations. As I explain later on, he does not deliver the last word on pretty much any topic in this book.
