« Le gardien invisible est un roman noir puissant, inquiétant de réalisme, et inaugure la trilogie du Baztán, qui va faire parler d'elle. » El Periódico Le cadavre d'une jeune fille est découvert sur les bords de la rivière Baztán dans une étrange mise en scène. Très vite, les croyances basques surgissent : et si toute cette horreur était l'oeuvre du basajaun, un être mythologique ? L'inspectrice Amaia Salazar, femme de tête en charge de l'enquête, se voit contrainte de revenir sur les lieux de son enfance qu'elle a tenté de fuir toute sa vie durant. Jonglant entre les techniques d'investigation scientifique modernes et les croyances populaires, Amaia Salazar devra mettre la main sur ce gardien invisible qui perturbe la vie paisible des habitants d'Elizondo.

" Les Gardiens Invisibles " désignent l'assemblée des êtres qui composent le champ lumineux des forces divines, dont le rôle principal consiste à maintenir en équilibre le destin du monde. A des degrés divers on y trouve : la hiérarchie angélique, l'assemblée des saintes et des saints, les fondateurs des grandes religions, les grands prophètes, les patriarches, les apôtres, les maîtres spirituels incarnés ou décédés des grandes religions et les philosophes du monde, relayés par tous les initiés de la terre. Ces gardiens de la

lumière reçoivent nos prières et nos actions positives, qui constituent le principal matériau pour notre protection. Le livre des invocations toutes puissantes que vous avez entre les mains, plonge ses racines au coeur de la tradition chrétienne la plus authentique, celle qui utilise plusieurs leviers majeurs : "le verbe " autrement dit la parole, " le coeur " d'où émane l'amour pour Dieu et les hommes, la " foi inébranlable " dans la puissance de Dieu. Voici quelques-unes des puissantes invocations que vous trouverez dans ce livre : " Prière au Saint dont on porte le nom ", " Invocation de notre guide spirituel ", " Le bouclier des 9 psaumes de défense ", " La grande invocation des 12 Apôtres ", " La grande invocation des 7 archanges ", " Invocation de la Sainte famille " pour la protection du foyer ; " Prière de libération ". Faut-il le rappeler, il est dit aux versets 6 et 7 du célèbre Sermon sur la montagne : " Prie ton Père qui est dans le secret, et ton Père qui voit dans le secret te récompensera ".

Au Pays basque, sur les berges du Baztan, le corps dénudé et meurtri d'une jeune fille est retrouvé, les poils d'un animal éparpillés sur elle. La légende raconte que dans la forêt vit le basajaun , une étrange créature mi-ours, mi-homme... L'inspectrice Amaia Salazar, rompue aux techniques d'investigation les plus modernes, revient dans cette vallée dont elle est originaire pour mener à bien l'enquête qui mêle superstitions ancestrales, meurtres en séries et blessures d'enfance.

This book looks at the representation of female characters in French comics from their first appearance in 1905. Organised into three sections, the book looks at the representation of women as main characters created by men, as secondary characters created by men, and as characters created by women. It focuses on female characters, both primary and secondary, in the francophone comic or bande dessinée, as well as the work of female bande dessinée creators more generally. Until now these characters and creators have received relatively little scholarly attention; this new book is set to change this status quo. Using feminist scholarship, especially from well-known film and literary theorists, the book asks what it means to draw women from within a phallogocentric, male-dominated paradigm, as well as how the particular medium of bande dessinée, its form as well as its history, has shaped dominant representations of women. This is the first book to study the representation of women in the French-language drawn strip. There are no other works with this specific focus, either on women in Franco-Belgian comics, or on the drawn representation of women by men. This is a very useful addition to both general discussions of French-language comics, and to discussions of women's comics, which are focused on comics by women only. As it is written in English, and due to the popularity of comic art in Britain and the United States, this book will primarily appeal to an Anglo-American market. However, the cultural and gender studies approach this text employs (theoretical frameworks still not widely seen in non-Anglophone studies of the bande dessinée) will ensure that the text is also of interest to a Franco-Belgian audience. This book will appeal both to an academic and to a more general readership with an interest in popular comic art. It will be useful to academics, researchers and students (undergraduates and postgraduates) in comic art, art history, contemporary art, French studies, gender studies, feminist studies and media studies. Excellent potential for inclusion on reading lists. With a focus on an art-form which also inspires a lot of public (non-academic) enthusiasm, it will also appeal to fans of the bande dessinée (or wider comic art medium) who are interested in the representation of women in comic art, and to comics scholars on a broad scale.

A gripping narrative history of Napoleon Bonaparte's ten-month exile on the Mediterranean island of Elba In the spring of 1814, Napoleon Bonaparte was defeated. Having overseen an empire spanning half the European continent and governed the lives of some eighty million people, he suddenly found himself exiled to Elba, less than a hundred square miles of territory. This would have been the end of him, if Europe's rulers had had their way. But soon enough Napoleon imposed his preternatural charisma and historic ambition on both his captors and the very island itself, plotting his return to France and to

power. After ten months of exile, he escaped Elba with just over a thousand supporters in tow, marched to Paris, and retook the Tuileries Palace--all without firing a shot. Not long after, tens of thousands of people would die fighting for and against him at Waterloo. Braude dramatizes this strange exile and improbable escape in granular detail and with novelistic relish, offering sharp new insights into a largely overlooked moment. He details a terrific cast of secondary characters, including Napoleon's tragically-noble official British minder on Elba, Neil Campbell, forever disgraced for having let "Boney" slip away; and his young second wife, Marie Louise who was twenty-two to Napoleon's forty-four, at the time of his abdication. What emerges is a surprising new perspective on one of history's most consequential figures, which both subverts and celebrates his legendary persona.

In today's world we want everything to be clear, effective and instantaneous, a useless desire that, in addition, locks the human being into only appearance. Contemporary art, as a reflection of the concerns and needs of today's humanity demands attention, silence, reflection and a discerning eye. For this reason, it becomes a privileged platform for the encounter with Mystery, with a God who escapes all configurations or concepts. This function is what makes the work of the Dominican, Kim En Joong OP, an internationally recognised artist, so remarkable. These pages deepen, from a novel theological perspective, the different elements that make up his work: colour, shape, light, composition ... a perspective that guides us towards the contemplation of the Mystery that the painter shows us. A fascinating book, which is one and the same time accessible and a gift for all, believer or not, who feels the thirst for depth.
