1954 George H. Williamson served with the Army Air Corps during World War II as Radio Director for the AAF Technical Training Command as a member of Headquarters Staff. He received the Army Commendation Award from Brig. Gen. C. W. Lawrence for his outst.

' Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review. ' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of Girl with a Pearl Earring, The Miniaturist and The Indigo Girl. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about The Company Daughters: ' Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review. ' Goodreads reviewer, 5 stars ' From the moment I started reading The Company Daughters, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read. ' Goodreads reviewer ' This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving. ' Goodreads reviewer ' I was enchanted by this book! It's a delightful read that will have your emotions all over the place. ' Goodreads reviewer ' I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book. ' Goodreads reviewer ' The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person. ' Goodreads reviewer, 5 stars ' This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow. ' Goodreads reviewer ' A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram! ' Goodreads reviewer ' Heartbreaking... a moving book... vivid, with amazing characters... This is a great read. ' Goodreads reviewer

"Plumbing often gets out of order, and upon prompt attention to the little repair jobs depends its smooth, satisfactory operation. This bulletin describes simple ways of doing little things with the aid of a few simple tools, to keep home plumbing in good working order." -- p. ii

This book will be helpful for any health care professional assisting the patient with diabetes to reach their target goals. The various oral medications and their mechanisms, as well as the types and regimens of the various insulins are discussed. Reaching target goals has been shown to prevent the acute (hypoglycemia and hyperglycemia) and chronic (retinopathy, nephropathy, neuropathy, coronary heart disease and stroke) complications of diabetes. Therefore, it is critical that healthcare professionals have the knowledge to assist their patients in meeting their diabetes goals. This resourceful tool can be yours for just \$14.95. Additionally, nurses will be able to earn continuing education contact hours after reading this book.

This is one of the most comprehensive and up-to-date surveys of the philosophy of Sartre, by some of the foremost interpreters in the United States and Europe. The essays are both expository and original, and cover Sartre's writings on ontology, phenomenology, psychology, ethics, and aesthetics, as well as his work on history, commitment, and progress; a final section considers Sartre's relationship to structuralism and deconstruction. Providing a balanced view of Sartre's philosophy and situating it in relation to contemporary trends in Continental philosophy, the volume shows that many of the topics associated with Lacan, Foucault, Levi-Strauss, and Derrida are to be found in the work of Sartre, in some cases as early as 1936. A special feature of the volume is the treatment of the recently published and hitherto little studied posthumous works.

This text provides a masterful and systematic treatment of all the basic analytic and geometric aspects of Bergman's classic theory of the kernel and its invariance properties. These include calculation, invariance properties, boundary asymptotics, and asymptotic expansion of the Bergman kernel and metric. Moreover, it presents a unique compendium of results with applications to function theory, geometry, partial differential equations, and interpretations in the language of functional analysis, with emphasis on the several complex variables context. Several of these topics appear here for the first time in book form. Each chapter includes illustrative examples and a collection of exercises which will be of interest to both graduate students and experienced mathematicians. Graduate students who have taken courses in complex variables and have a basic background in real and functional analysis will find this textbook appealing. Applicable courses for either main or supplementary usage include those in complex variables, several complex variables, complex differential geometry, and partial differential equations. Researchers in complex analysis, harmonic analysis, PDEs, and complex differential geometry will also benefit from the thorough treatment of the many exciting aspects of Bergman's theory.

Death is a way of life outside of the safety of Inner Tulsa, and Jade means to keep flipping Mother Nature off until old age claims her. With one eye always on the sky, the last thing she needs is a pack of bounty hunters out for her living head. With no idea of why anyone would want her, her wits might keep her free, assuming she can resist the charming lures of Sandro, one of the men out to claim her as his own. Left with the choice of being the evening snack of a tornado or taking shelter with the bounty hunter, she does what she does best: she lives on the edge. Striking a bargain with the handsome bounty hunter buys her another day of life, but it also dumps her into the heart of a sinister plot, one meant to enslave the residents of the storm-tossed city—and the others brave and foolish enough to call the Alley home.

When a busy woman looks at her calendar and sees a birthday, holiday, or special occasion, she has the best intentions for bringing joy to her family and creating lasting memories. Then reality hits. Amidst demanding responsibilities and an overloaded schedule, when is she ever going to have time to plan the perfect celebration or find the creativity to make it special? In this go-to guide, Karen Ehman and Glynnis Whitwer give women the ideas and the motivation they need to make such occasions less daunting. They provide creative ideas and menu plans for · Holidays · Birthdays · Special Events · Everyday Occasions Readers will even find suggestions for reaching out to others throughout the year through celebrations that are simple, doable, and stress-free.
