From #1 bestselling author Blake Pierce comes a heart-pounding new mystery series. In the cornfields of Nebraska a woman is found murdered, strung up on a pole, the victim of a deranged killer. It doesn ' t take long for the police to realize a serial killer is on the loose—and that his spree has just begun. Detective Mackenzie White, young, tough, smarter than the aging, chauvinistic men on her local force, finds herself called in grudgingly to help solve it. As much as the other officers hate to admit it, they need her young, brilliant mind, which has already helped crack cold cases that had left them stumped. Yet even for Mackenzie this new case proves an impossible riddle, something the likes of which she—and the local force—have ever seen. With the FBI called in, together, an intense manhunt ensues. Mackenzie, reeling from her own dark past, her failed relationships, and her undeniable attraction to the new FBI agent, finds herself battling her own demons as her hunt for the killer takes her to the darkest places of her mind. As she delves into the killer ' s mind, obsessing over his twisted psychology, she finds that evil truly does exist. She only hopes it will not be too late to extricate herself from it, as her entire life collapses around her. As more bodies turn up dead and a frantic race against time ensues, there is no way out but to find him before he kills again. A dark psychological thriller with heart-pounding suspense, BEFORE HE KILLS marks the debut of a riveting new series—and a beloved new character—that will leave you turning pages late into the night. Book #2 in the Mackenzie White Mystery series will be available soon. Also available by Blake Pierce is ONCE GONE (A Riley Paige mystery—Book #1), a #1 bestseller on Google Play—and a free download!

Coquito is an educational and scientific instructional book through which more than 38 million Spanish-speaking children have learned to read, write and think. Coquito is conceived and structured in 54 sequential lessons, with which the child is able to start reading and writing, opening a future of intellectual and emotional potential that raises their awareness and self-esteem. This provides great satisfaction to teachers and parents because the students' reading comprehension is high. The "Reading by Words Method", created with the book Coquito Clásico, is built on the children's vocabulary and on the unique feature of the Spanish language that is read as it is written and written as it is spoken, unlike other languages, whose phonetic complexity is remarkable. It is therefore not advisable to teach how to read in Spanish using methods from other languages such as English and French because it will extend the learning process up to fifteen months for what can be accomplished in three months using our method. The constant interest of the author and his team of specialists is to restructure and update the book according to the improvements and suggestions from teachers who use Coquito with remarkable success, exceeding expectations in most Spanish-speaking countries. Coquito Clásico brings graphic colored themes, illustrated with captivating visuals that engage and develop the child's imagination. This initiates the process of oral expression and reading as well as writing and mathematics. We thank the teachers and parents for using our materials, and we guarantee that they have chosen a method of proven quality and excellence that develops mental processes, taking into account the linguistic features of the Spanish language.

It's been over twenty years since his death. Now, this beloved and unforgettable champion's final hours. On May 1, 1994, at Bologna's Ospedale Maggiore, Ayrton Senna, three-time Formula 1 world champ, lay dying after a tragic accident at the Grand Prix of San Marino. The idea for this monograph (and the exhibition at the Museo della velocità dell'Autodromo Nazionale in Monza) stems from the book Suite 200: L'ultima notte di Ayrton Senna (published by 66th and 2nd, 2014) written by the journalist Giorgio Terruzzi. An enthralling story with details on the final moments of Senna's life and thoughts as the fateful hour approached. Through a selection of approximately one hundred photographs by Ercole Colombo-the famous Formula 1 photographer-this monograph aims to narrate the career as well as the most intimate aspects of the Brazilian car racer's life. A fanciful story, enriched by the writings of Giorgio Terruzzi, who covers the most important moments in Ayrton Senna's life: his legendary wins, his defeats, the loss of his friends, the great rivalry with other drivers, his emotions and family relationships, and finally the terrible accident where he lost his life.
