Zach Ward-Perkins that argues that the United Kingdom has become an econocracy, a society in which improving the economy has become the main purpose of politics. They demonstrate how this undermines democracy, in turn increasing the power and authority of economists.

The Econocracy (book) - Wikipedia
The "false precision" offered by an econocracy provides cover in periods of economic growth but, rather like so much corporate strategy, when the tide goes out w With a UK-focus, but an international outlook, the book describes how something as prosaic as a research-assessment process can wind up critique-cleansing an entire discipline to the extent that "dissecting opinion cannot even be considered."

Leaving Economics to the Experts,

Joe Earle, Cahal Moran and Zach Ward-Perkins argue that the logic of economics has come to shape how political issues are framed and addressed, leading to a deep divide between economics 'experts' and the majority of citizens who have grown increasingly suspicious of the discipline. This concise and well-researched book is a timely critique of the state of economics today and may empower 'citizen economists' to become ...

Jonathan Aldred, Author of The
Sceptical Economist 'The econocracy
explains, supported by excellent
research, how one branch of
economics has captured the academy
and excluded the public from debate
about how the economy is organised,
leaving this branch almost the only
source of policy advice. It is written by
British members of Rethinking
Economics, the international
organisation of students and recent
